

CAPABILITIES STATEMENT

VELLICOM TACTICAL™

Vellicom Tactical specializes in the turnkey integration of audio-video components for Command, Control and Communications Operations.

Vellicom Inc. Celebrity Systems Corporation

Providing AV Solutions to the U.S. Military since 1988

Turnkey Audio/Video Integration for mobile deployment including Command Centers, Tactical Operations, Emergency Centers and more.

Core Competencies

Vellicom has served the U.S. Military since 1988. We are a go-to provider of turnkey sound, light and video systems to the military and other government agencies. Our products are custom designed, configured and built-to-order, and meet the unique requirements of mission accuracy on land, sea and air.

Our products and core competencies include but are not limited to:

- Custom CAD designs based on the needs of each individual application.
- Command and control equipment that is simple, durable, light weight and rugged to withstand the anticipated terrain and environment.
- Our systems are all pre-integrated. They can be rapidly deployed and easily set up without the need for special training.
- Equipment that is easily powered, with reduced cable management.
- Pre-staged equipment make is easier for rapid deployment.
- Equipment that is used for team support that can go from early entry teams and front line operations to division level operations.
- Equipment that can rapidly display battle command applications, broadcasts and surveillance information.
- Equipment that serves command center hubs and maximizes available operational space.
- Heavy-duty, field tested cases and custom shock mounting solutions for all equipment to absorb rugged transportation for on-base and field deployments.

How We Are Different

As a design/build integrator we work directly with component manufacturers to ensure a range of benefits critical to successful implementation.

- Deep understanding of turnkey and mobile audio-video protocols, priorities and budgetary considerations
- Customized Needs Analysis
- Effective, digitally-documented user training for continuity of training
- 24/7 worldwide support

We adhere to the **FEEDS** Principal to ensure systems will be:

- **Flexible**
- **Expandable**
- **Economical**
- **Dependable**
- **Simple**

Front Line Experience

Celebrity has participated in and/or sponsored countless special events supporting turnkey AV product programming.

Our ongoing workshops at trade shows and on military bases nationwide provide continuing education and enhancement advisories. We regularly attend military and government-related trade events, meetings with end users and associate providers to solicit feedback in order to refine and/or expand our line of turnkey audio-video products.

Regions of Performance

We provide ongoing service and have installations and products on most major U.S. bases and camps around the globe.
